Subject: my initial thoughts on RA
Attachments: RA_memo draft_4.14.20 v2ewb.docx

As I was reading through the RA yesterday and today, I made a number of comments and some relatively minor edits. I realize it hasn't been secondaried yet but figured these comments may be helpful moving forward and given my schedule wanted to provide the thoughts now. The comments are mostly relating to clarifying and organizing things, if you want to discuss any of them let me know we can figure out a time to do it.
